XAVIER MISERACHS

epileg imprevist

Morals, convulsions, violència, fragmentat i conscient d'altres persones a la seva pròpia, explicar amb la càmera el que l'ull no arribava a veure, a dir, a no poder immobilitzament... sempre en la línia del fotogràfic. L'obra té un de l'artista. La geografia, la societat, l'ètica, la història, la cultura... Així, un d'observadors contemporanis, està pensant la distància de les fotografies.
